Case Plan goal—CSP yesterday.○ Everyone agreed to residential except the parents.○ If it was reunification, we would rate the parents.○ Sometimes the youth can be asked who they identify as their caregiver to help determine who to rate.○ Others shared they would rate the biological parents in a situation like this.○ Someone else stated they would not do the Caregiver section if there were no identified caregiver-that is what is advised at Howard Center.• Someone moved from one agency to another—Katina emailed TCOM to see if she could get a list of all folks at once who are in the system.• Would like a list of everyone who is locked to take care of those all at once. <p>NFI</p> <ul style="list-style-type: none">• Do we anticipate any other changes to the CANS?
